

I am pleased to endorse Alternative Claims Management to any prospective client.

Triangle Rent A Car, a 5000 vehicle car rental company, was introduced to ACM in 2002. ACM added an additional \$800,000 annually to our collection efforts over and above what our in house department did before we started using them.

Triangle Rent A Car was recently acquired by a national rent a car company. ACM's efforts helped Triangle maintain margins that made them an attractive acquisition.

Shelton K. Watts

Former VP/COO Triangle Rent A Car, LLC
